

LETTER OF AUTHORIZATION / LIMITED LETTER OF AGENCY

Natural Gas Service Availability Review for Distributed Generation Screening

Attn Local Utility: Consolidated Edison Company of New York, Inc. (Con Edison); National Grid; New York State Electric & Gas Corporation (NYSEG); Rochester Gas and Electric Corporation (RG&E); Central Hudson Gas & Electric Corporation; Orange and Rockland Utilities, Inc.; and each of their affiliates, contractors, consultants, and agents, as applicable.

Regarding: Authorization to Release Natural Gas Service Information, and to Discuss Standard Commercial Gas Meter / Gas Service Feasibility at the property or properties described below.

Purpose and Authorization: This Limited Letter of Authorization / Limited Letter of Agency (“LOA”) authorizes Delta Edge CI, LLC (“Delta Edge”) to contact and communicate with the listed utility provider(s) solely to evaluate whether the service address(es) listed below can support standard commercial natural gas service including installation, reactivation, upgrade, or service extension.

By signing this LOA, the undersigned customer / property representative authorizes Delta Edge to request, receive, and discuss utility information related to natural gas service at the listed address(es), including existing or prior accounts, new-service feasibility, inactive or removed service, service-extension feasibility, and related utility engineering or customer-service information.

Customer / Property Owner or Manager Information

Legal Entity Name:	Other DBA Names:	Tax ID / EIN:	Years in Business:
Corporate Address:	Address (Cont.):	City, State Zip:	Main Phone:
Primary Contact Name:	Title:	Email:	Direct Phone:
Legal Property Address:		Latitude Coordinate:	Longitude Coordinate:

Information Covered. This authorization includes, as available and applicable: account, meter, and service identifiers; service status; meter size; rate / tariff class; delivery pressure; available or contracted capacity; historical and current billing or usage data; gas main and lateral availability, location, size, and pressure; service-extension requirements; engineering constraints; timelines; indicative fees or costs; and other non-confidential utility records reasonably needed to evaluate natural gas service feasibility.

Limitations. This LOA does not authorize Delta Edge to change utility service, execute utility contracts, incur charges, switch providers, or bind the customer or property owner to any project or utility obligation without separate written approval.

Confidentiality; Term; Delivery. Delta Edge will treat information received under this LOA as confidential and use it only to evaluate a potential distributed generation project and related utility-service pathway. This LOA remains effective for twelve (12) months unless revoked earlier in writing, and it does not restrict the customer from communicating directly with any utility provider. Please send records to jfazio@deltaedgeci.com or Delta Edge CI, LLC, Attn: Mr. Joe Fazio, 100 Nassau Street, Rochester, NY 14605.

Acknowledgment. By signing below, the undersigned confirms authority to execute this LOA and authorizes the limited release and discussion of the information described above.
